

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21st century.

Dear Parents,

This has been an enjoyable and memorable week. Our G6 to G8 students experienced a variety of Chinese Culture topics. Please see below for more information.

On behalf of all of the staff at SUIS Pudong, I would like to wish you all a very Happy New Year 2022.

Chinese culture passed down from generation to generation

—SUIS Pudong Chinese Culture Week

There is a saying in the Book of Changes of Zhou: "It is about astronomy to observe the changes of time; It is about humanity to transform the world. "Culture contributes to the rise of a nation.

National culture is an important symbol of national identity, is the accumulation of a national history and culture. As Chinese descendants, the new generation of Chinese people, we need to inherit and carry forward the five thousand years of ancient Chinese bright history and civilization.

A cultural week of boasted great traditional Chinese culture, our teachers fully prepared a variety of Chinese cultural activities for the students to experience tea culture, calligraphy, cucurbit flute, embroidery, drama, handicrafts, drama, and etiquette. While feeling the charm of Chinese traditional culture, welcome the new year of 2022.

Tea Culture

"Tea ceremony" has "six gentlemen", namely, tea set includes tea tube, teaspoon, tea cup, tea, tea holder, tea needle. Please listen to the drops of crisp voice, look at the swaying teapots, taste a cup of fragrant tea. Moistening tea silently with a close greeting carries the traditional virtues of the Chinese nation.

Calligraphy

Calligraphy can inherit and carry forward the charm of quintessence of Chinese culture. Calligraphy is a comprehensive art, showing a person's emotions, personality, character, inspiring and pleasing people. Look, the students are indulging in the ink sea and welcoming the new year with "blessing".

Cucurbit flute

Cucurbit flute, also known as calabash Xiao, it looks simple and elegant and It sounds bright and mellow with poetic melody. With a long history and profound cultural background, Cucurbit flute, as a traditional Chinese musical instrument can not only improve students' understanding, feeling and performance ability of music, but also develop a good sense of performance, enhance self-confidence.

Cross-stitch

Students experienced the endless fun of cross-stitch and felt the unique charm of art of cross-stitch. Cross-stitch stands out because of its excellence. Cross stitch is completed through warp and weft interweaves with the cotton thread of all sorts of colors or silk thread. The accumulation of a stitch, from nothing to something, many a little make a mickle, it tells us that there is no shortcut to success, at the same time it represents the persistence and persistence! One stitch, one embroidery, one Chinese zodiac, tiger's power to welcome the New Year!

Magic

What's the point of magic? Some say it is to realize dreams, some say magic is a gift, some say magic is a prediction of human dream. Whatever, we have to admit that magic breaks the rules, so that we have to reorganize their knowledge, magic can in the shortest time, shock your brain, even let you can't think; Magic can also bring you good memories and keep them fresh in your mind. Magic is full of joy and new year's happiness.

Drama

The charm of drama is that it allows audiences to experience the ultimate life and think about the meaning of life. Chinese drama is varied and amazing. We can learn a lot and obtain valuable experience by on-site observing, or immersing in the drama, feeling the ups and downs of the drama or soul torture. As long as you devote you in the drama, you are the "leading role"!

Paper cutting

Paper cutting is a traditional folk art of the Han nationality. As an ancient and traditional art, Paper cutting the treasure of Chinese folk art, it has a long history, it has become a treasure of the world's art Treasury. The simple, vivid and interesting artistic modeling has a unique charm. The paper sense, line and decoration, freehand brushwork is all meaningful. As the saying goes, Taofu is new and red, and new year is coming.

China has a long history of more than 5,000 years. During the Chinese Culture Week, teachers have taken out their own "expert skills" and talents to carry out a series of colorful activities, the students achieved happiness, had a better understanding of the profound traditional Chinese culture, and deepened their understanding and recognition of their own identity.

Learning is fun while teaching is fun. Welcome the New Year of 2022!
