

SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity to enter a continuum of education from Primary through to the end of Secondary to prepare our children become the Chinese citizen for 21st century global society.

Dear Parents,
I trust that you all had a restful Moon Cake Festival, and like us you are looking forward to further recharging your batteries over the Golden Week.

Update on Projects

- The Student Mentoring Group has recommenced on a Friday 3-4pm. This is a chance for students to be mentored in a variety of subjects by their peers.
- One Minute video- challenge! Can you make a movie that last just one minute?
- Henry Zhang is building a website to promote House Activities and collect the all-important points!
- Joy Zhuang and Kevin Xu are working on 'Project Lightbulb' details to follow

Kind Reminders

As the weather is changing, it is important for us all to stay healthy and well in order to prevent the spread or risk of infections. Please see the advice below from our Nurse's Office.

- Frequent hand washing may help to protect against infection.
- Avoid going to public places if unwell to reduce risk of infection.
- Clean tableware frequently.

We need all parents to check their child's temperature before school each day. If the fever is over 38°C the student needs to stay at home for 48 hours after the fever has gone. Within 48 hours, if the student has skin rash or blister on their body and sores in their mouth, please immediately bring him/her to hospital instead of returning to school. Please inform the school of the doctor's diagnosis immediately.

Spotlight on: Qitu our Student trilingual publication

On the 6th of September 2018, 《谐趣》 our Student Magazine's chairman Andy Li and journalists Cindia Li and Linda Zheng interviewed Robin and Hansen from IG2.

Since May, these two students have been using their free time to teach visually impaired people to use computers at Shanghai Library's Visual Impairment Computer Training sector. Their hard work and abilities as trainers have helped many become a step closer to achieving their dreams.

Robin and Hansen discussed how they felt honoured when Ms Wang (the teacher they assisted) invited them to discover more about helping visually impaired people. The two students were proud of the abilities acquired during the learning process, thus, they enthusiastically agreed to assist Ms Wang in teaching blind people to perform tasks on the computer.

"Rather than using a mouse, they use the keyboard to perform tasks swiftly.

Information appearing on the screen and selected items are read aloud by the computer's reading software. The computers used were regular computers. I think this project is extremely meaningful, and I strongly recommend others to take part in it; they (visually impaired people) need as much help as they can receive. They rarely have the opportunity to speak to people who are not blind; we were part of a minority of volunteers."

Not only are Robin and Hansen from IG2 exceptional students, but they are also kind human beings, helping others who are less fortunate. Individuals like them are the drive of today's society; let's hope to see even more charitable volunteering over the coming year.

Spotlight on Student Voice

Heads of House

These highly sought after roles have been awarded to:

Susannah Hsieh (A1)
Henry Zhang (A1)
Linda Zheng (IG2)
Hannah Moon (IG2)

This week the Student Voice Leaders were announced, we received an astounding amount of applications, and it was difficult to decide. The positions went to those who could demonstrate a thought out plan and a passion for a project. There are plenty of opportunities for other students to still get involved; our leaders will run the projects but they need a supportive team to help them. Students are advised to keep an eye on the Student Voice notice board and of course listen out for opportunities in assemblies.
