

SUIS Pudong offers an opportunity to enter a continuum of education from Primary through to the end of Secondary to prepare our children become the Chinese citizen for 21st century global society.

Dear Parents

PE News

Our school badminton team participated in the SSSA Badminton Boys' doubles tournament in Lycee Francais de Shanghai (LFS). After a whole morning of fierce competition, the U11 boys won the gold medal and the U13 boys won a bronze medal.

"It's a wonderful experience. I learned that when you lose, you learn how to improve the game play with your teammates against your opponents."

----- Shaurya Shah, G6ET

"I improved my understanding of badminton rules through taking part in this tournament. I also felt the importance of cooperation between team members. I will keep practising!"

-- Mike Liu, G7MS.

"I know that we need to be open minded to play matches, even if we are losing, we still need to use all of our strength to face the enemy"

---- Leo Liu, IG1NB

Music News

On 12th Oct, our G8 students visited the Shanghai International Instrument Exhibition, one of the most important musical instrument industry events in Asia. There were many music shows happening inside and outside the stadium. There were many different kinds of instruments, and examples of the same instruments presented to the audience in different forms. Our students even had the opportunity to play wonderful music on the spot, causing pedestrians to stop and listen- they were like professional stars! There was so much to do, it was a fantastic day.

Yasya Lesniak (8NB): The music field trip was a very enjoyable and informative trip. My friends and I had a lot of fun, and at the same time, we learned a lot about music, and we saw things we otherwise might not have had the chance to see. It was extremely enjoyable to walk around; looking at the different instruments, listening to the amazing concerts and watching people perform. Walking from stand to stand, we saw people who played instruments magnificently, and who sang vivaciously. It was really overwhelming to see all the amazing musical talents people have. The music trip was really great, and I would really like to go there again.

Bob Wu (8NB): The musical exhibition was a great experience. We saw many different instruments, including ones I had never seen before. The performances were great and Cata Vazquez (8ZB) even went on the stage to sing. It was a very nice experience in which we had fun and were educated. Please organise more field trips in the future Ms. Yoyo!

Student Voice: Halloween 2018

Student Voice: Halloween 2018

Creepy goings on were afoot in Secondary last Friday. Once again our Student Voice arranged a charity drive for Halloween. In aid of two local orphanages the secondary students joined in with the Primary School's tradition. We joined the younger students in a parade of costumes and some of us also attended the after school spooky movie night (thanks to the PSG for organising and inviting us to this!)

The secondary students and staff raised nearly 3,000RMB through donations to dress up. We will be visiting the orphanage to meet and play with the children there.

It is so important that we help others who are less fortunate than ourselves, and by organising this event Yasya Lesniak and Cata Vazquez (both 8ZB) demonstrated their leadership skills as well as their compassion for others.

In the next edition of this publication we will focus on the other fantastic Student Voice projects that are happening around the school. Our students are truly out there doing it!

Key Date

School will be closed on Friday November 16th - Mid semester break.
