

SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21st century.

Dear Parents,

welcome to the next issue of our newsletter. It's been a busy week with all of the school celebrating the Chinese New Year. Lots of beautiful red decorations have filled the halls and classrooms and a whole feast of activities have brought the CNY to life. It's been great to see lots of students dressed up and excited to share the traditions and festivities with their classmates. In the next issue of the newsletter, we will have lots of photographs to share with you all. There has been a lot of illness travelling through the school which has led to many of our classes being put into quarantine. Please take care of your children and keep them warm and well. On behalf of all of our staff, I would like to wish you all a very Happy New Year as we welcome the lucky year of the pig. For those of you travelling - safe travels. We will welcome you back on Monday 18th February when we begin Semester 2.

Kim Sahi
Co-Principal

MATHS WEEK 2019

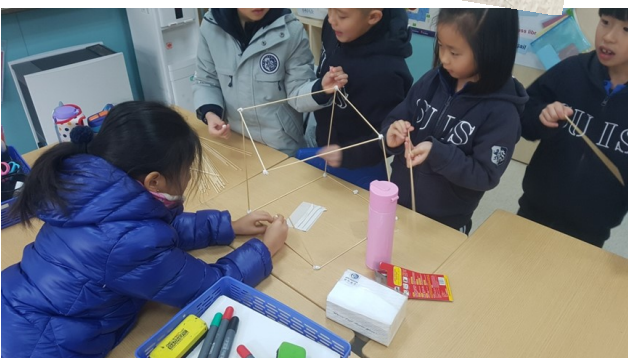

Maths Week 2019 was a huge success in Primary school. All across the grades the children had the chance to engage with their learning in a variety of hands-on activities.

Grade 1 put their Maths knowledge to work in building a wide range of 3D shapes.

Grade 2s linked their Maths and English learning together and followed instructions to learn how to measure out and combine the ingredients to make cookies.

Grade 3 learned how Maths can be used to play lots of different games or even to do magic tricks to find someone's age!

Grade 4 were given challenges to solve that they then had to present in their Math fair.

And some Grade 5s even had the opportunity to be Maths teachers for a day!

G2 AT SUIS PUDONG

Our field trips are an opportunity for you to enter into the world of mystical power.

Fredrick Lenz

January 2018

Field trip update

Grade Coordinator's Statement

Last week on Friday 25th January, students explored with different materials and their properties at the Shanghai Glass Museum. This hands on experience helped students to make connections with our Materials and their properties, Science unit.

**Grade Coordinator
Miranda Dube**

Grade 2 Pandas

ReneXie: It's so tricky wow. Look at all the patterns.
Yuxin: If you point kaleiscope to at the light it's amazing!

Grade 2 Dragon

Arthur: It's quite tricky to make all the tiles don't fall off.
Jenny: I've got lots of ideas for pretty patterns.

Grade 2 Lion

Grace: Look at you! You just made a colorful roof.
Adrien: It's not easy holding these tiny pieces of glass using glue.

Looking forward to our next field trip where we will explore more on healthy habits.

G3 AT SUIS PUDONG

Creative Maths in Grade 3.

Planning a playground using area and perimeter.

Chinese New Year celebrations with a focus on the Ming Dynasty. Grade 3 have had a very busy and productive time leading up to the Chinese New Year holiday.

Here are just a few of the many images of what we have been getting up to.

May I, and all of grade 3 take this opportunity to wish you a happy Chinese Spring Festival.

Excellent Cambridge Primary Checkpoint Results

Grade 5 students sat the Cambridge Primary Checkpoint Tests in English, Mathematics and Science in April 2018. The Cambridge International Examination Board has now issued the results. Our students have reached very good scores; some of them have even gained marks between 5 and 6, which is the highest score possible.

The overall result in

English is 5.1
(4.1 in 2017)

Mathematics is 5.5

(5.1 in 2017)

Science is 4.7
(4.1 in 2017)

This is what the scores mean:

IGCSE and A Level Results

We are very excited to share the fantastic IGCSE and A Level Results which we have anxiously been awaiting. We are sure that you will agree they truly are FANTASTIC!

On the back of outstanding CAIE Primary Checkpoint results we are proud to announce that our IG, AS and A Level students have achieved magnificent exam results. With over 200 IG examinations being sat, 99% resulted in A* - C grades with a remarkable 73% resulting in the top grades of A* and A. To put this into context – in the UK just over 20% of all examinations result in these top grades. A huge congratulations to all students with a particular mention to Daryna Lesniak and Rina Mitsutsuka who achieved an A* in all subjects.

Our AS and A Level students have also performed to an exceptional level. Within AS, 81% of examinations resulted in grades A – D and A Level 89% A* - D. A special mention to Xiao Hu (Owen) who achieved 2 A*'s and an A.

These set of results once again reaffirm that students at SUIS Pudong are talented, hard working young people and are exposed to the highest standard of education. Here's to SUIS Pudong being one of the top schools in Shanghai.
