

SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21st century.

Dear Parents ,

Welcome the next installment of our newsletter. In this issue, you will see the impact of our recent cultural diversity week , which was a great success. Students got to find out more about the culture and traditions from a range of different countries. Ms. Sarah Zhang tells me that we had some of our parents volunteer to come into school and share their knowledge - thank you very much. Finding out about the world around us, opens our eyes to becoming more tolerant and understanding of others.

Our Grade 5 students had a successful trip to Suzhou and had many opportunities to work together and practice independent skills. I look forward to seeing photos from the trip.

As the weather is becoming warmer, please remember to send students to school in appropriate clothing and do remember to send in a water bottle.

Thank you and have a good weekend.

Ms. Kim Sahi
Co-Principal

Dates to Note:

June 17-21 Poetry Week

Cultural Diversity Week of SUIS Pudong

May 20th to 24th was the Cultural Diversity week in SUIS Pudong Campus. Each class, picked a country and decorated the classroom with elements of this country.

Students also had the chance to listen to some presentations from their classmates and their parents about the culture of different countries. Some of them brought their traditional food and activities to share with the class.

On Thursday, students dressed up as their class' chosen country and they had the opportunity to visit different classes to do traditional activities from the different "countries", such as: origami, making "Eye of Turkey" bracelet; French Petanque etc.

Cultural Diversity Week of SUIIS Pudong

We also had a dress up parade on Friday on the school field. Students wore traditional clothes of their chosen nationality, waved flags and danced with the music.

It was not only a great opportunity for our students to see and learn about other cultures in the world but also it was a chance for them to share their culture with other students and teachers.

Cultural Diversity Week in G1

There was great excitement last week in G1. The children learnt facts and customs about 3 different countries. Korea, UK and South Africa.

In addition to this we had some very interesting individual presentations from parents and even some pupils on a variety of different countries. G1 got an insight into many different cultures last week and even got to taste some delicious traditional foods.

A snippet into our Cultural Diversity Week Activities

Grade two had a splendid time exploring various cultural activities such as country presentations by students and parents, food tasting, colouring and game rotations within the grade . We also enjoyed the whole school parade.

Grade 2 Pandas

Grade 2 Dragon

Grade 2 Lions

It was a great learning experience as students demonstrated a depth of cultural understanding of their chosen country.

Cultural Diversity Week of SUIS Pudong

Grade 3 explored a very diverse range of cultures and countries last week. These ranged from countries such as the USA, to Japan, Norway and the little known country of Georgia.

Grade 3 Panda made fact files and flags on Georgia. Grade 3 Tiger made posters on the different states in America. Grade 3 Dragon played outdoor Japanese games, while Grade 3 Lion made their own versions of Edvard Munch's famous painting... The Scream.

Grade 4 travelled the world and the seven seas last week to journey to France, Japan, Turkey and Antarctica.

The children learned about the various cultures of these places through participating in practical activities such as petanque (French bowls), making complicated Japanese origami swans, making Turkish 'evil eye' bracelets and completing Antarctic penguin puzzles, as well as learning a plethora of information preparing them to be budding global citizens!
