

# SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global citizens for the 21<sup>st</sup> century.

Dear Parents,

The Cambridge IGCSE and A level exams are fully underway, the students even had exams whilst we were resting during the holidays. This year a cohort of IG1 students are also undertaking their Maths IGCSE a year early. These students have really impressed with their dedication to the subject and we wish them every success.

The World Scholars Cup first round also happened over the break- results and scores are still trickling in- but we know that every student involved from our school won a trophy and Mr Ogden who was present as a judge, was blown away by the maturity of our speakers. Full report in the next edition.

## PE News

Yesterday, the SUI S Pudong U15 girls football team played a series of 3 friendly matches with the SUI S Gubei Grizzlies. It was the first match since the start of the school year as the previous tournaments were cancelled. Even though we had worked really hard in our weekly trainings, some of us were still very nervous. "It does not matter if we win or lose" Our coach, Mr Chua began, "I don't want any of you going back thinking you could have done better. So play hard, play happy, fight for the team, the person next to you and for yourself".

So that was what we did. Every one of us did the best we could. Whether we were on the side line cheering and encouraging our teammates or playing out hearts out on the field, we pulled together as a team. There were many amazing passes, defending and shots. The Most Valuable Player, Selina, caught and intercepted many passes from the Gubei team. She conquered her own fear and self-doubt that she expressed before the game. Our youngest player, Kitty, made many powerful shots that created many attacking chances. Everyone played much better than in our practice sessions.

Even though we lost by a goal to the other team, many who were stronger and bigger than us, I felt like all of us had given the best we could. We could go home knowing we had left it all on the field and leave with our heads held up high. As a team, we would like to thank the school for giving us the opportunity to compete and to show what we can do.
