

# SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21<sup>st</sup> century.

Dear Parents,

Welcome to the final newsletter of the school year.

What a fantastic year it has been. We started the year by celebrating our 10th year anniversary and we end by celebrating our Grade 5 students. The year has been filled with exciting events, celebrations and lots more. On behalf of myself and all of the staff I would like to wish you all a very restful and fun summer holiday.

We look forward to seeing you in August ready for the new semester.

## YEARBOOK

This year's digital yearbook version has now been uploaded on the Baidu Cloud Storage.

# Our Debate

On the afternoon of June 10, 2019, during our Chinese lesson , we held a wonderful debate which we shared with all the students and teachers from G4 and G5.

The main topic of the debate was: What is more important between talent and effort in a person's path to success? On the side of talent is more important. The contestants were: Johnny, Marco, Martin, Jackie; The opposing argument , that efforts are more important. The contestants were: Scott, Carol, Zoe, Amy. In the course of the competition, the eight students showed confidence and clear logical spoken language, leaving a deep impression on the students and judges. From the opening arguments, the second and third arguments and the debate to the final summation, students from both side came and went without humility, bringing a contest of words and words. In the end, the best team award for this competition was won by Zheng Fang. Marco from G5 dragon class won the best defender, and Amy from G5 Tiger class won the best debater.

We hope that all the students will have a deeper understanding of the inner spirit and theme of the inspirational stories of Chinese and foreign celebrities in the textbooks through this kind of competition, because we know that in the road to success, one can neither be without talent nor lazy. Only combination of talent and effort can lead to the peak of success.

# G1 AT SUIS PUDONG

Just how far G1 has come this year is quite astonishing. They have learnt so much, and explored just what they are capable of. They have found out how much they can do, not only for themselves but for others. Our G1's are the hope of the future they are proud of their country, and will make the world a better place and keep our precious environment safe.

G1 LION

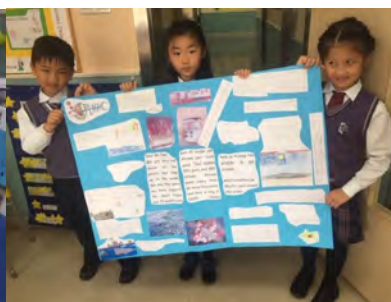

Congratulations G1 you are amazing!

# G2 AT SUIS PUDONG

## End of year key highlights

After a week of assessments and review, Grade 2 students ventured into fun and relaxing learning activities such as signing autographs during author's day and learning poems to present during poetry week. It's been a great year filled with so much learning, growth and discovery and now they are ready for Grade 3. We are thankful to our parents for being supportive throughout the year and wish everyone a splendid summer holiday.

### Grade 2 Pandas

### Grade 2 Dagon

### Grade 2 Lions

# G3 AT SUIS PUDONG

## Marvellous Memories of Grade 3

The children of Grade 3 have made it such a happy place to come to every day, for their homeroom teachers. This is just a sample of the many exciting events and activities we have been up to this year.

Grade 3 is an incredible and talented set of classes.

Our creative brains have helped us with all different types of topics. These have ranged from Ancient Civilisations to the human body; from fantastic poetry to strange, but wonderful ways to multiply numbers, oh and those field trips; from The Bio Farm to Thames Town!

Speaking as homeroom teachers, we are sure the list could go on, and on. A very eventful and enjoyable year was had by all !

Earth Day ▲▲▲

# G4 AT SUIS PUDONG

Grade 4 have explored a breadth of topics this year, including the fall of civilizations, the Industrial Revolution, healthy living, the impact of technology on our lives and the future, world religions, the universe and much, much more. We have also had lots of fun celebrating many Chinese and western festivals, as well as learning diverse cultures from around the world. On field trips, we've learnt how glass is blown and shaped at the Glass Museum, how the universe began at the natural History Museum, plant lifecycles and species at the Botanical Gardens, Tai Chi and calligraphy at the Nian Yi Cultural Centre, and even ten pin bowling at our end-of-year celebration.

Chris Young

G4 Coordinator

# G5 AT SUIS PUDONG

## End of year newsletter

**June 2019**  
**Update**

### Grade Coordinator Statement

Well, this is it! The last newsletter of the year.

It has been a privilege to witness the tremendous progress and growth they have made since August last year.

Both students and teachers have worked diligently to the highest standards.

Students were pushed to improve their thinking and reflection skills in order to become independent learners and begin to take responsibility for their learning with a focus on target setting and showing their best during examinations.

On behalf of the Grade 5 team I would like to wish our students all the very best as they prepare to enter a new chapter of their education life in high school.

Michael T. Kay

### Grade 5 Graduation Day Thursday 27<sup>th</sup> June 2019

At the end of every academic year the Grade 5 students celebrate the completion of their primary school life by having a graduation which is packed with class performances, and reflections from our Senior Leadership Team.

A grade 5 student, Caroline Shin shared her reflection of her graduation:

“Time passed so fast, we are already at the end of primary and soon enough, we will be going to face new challenges. To make every hour, minute and second more precious, we gathered at our graduation ceremony, to celebrate the success we have achieved. During the graduation ceremony, every class had a performance.

Each performance had a unique way of telling how they felt during all these years that have passed. We gathered not only to celebrate our graduation, we gathered to show how we appreciate the days we’ve spent in SUIS Pudong learning!”

**New School Year Primary Orientation Day**  
(Student/Parent/Teacher Meeting on 26 August 2019)

Dear Parents,

For the new school year 2019-20, the Primary orientation day will be held on Monday 26 August 2019. It will be open to all students. To help the students and parents know more about the new class routine and the homeroom teachers, we will have the Student/Parent/Teacher Meeting on the orientation day. Parents need to sign up for the meeting(s) through SUIS Pudong online system. The signing up period will run from **Wednesday, 8<sup>th</sup> August at 78am midday through to the midday of Friday, 23 August (closes at 12:00 midday).**

**Online Booking Procedures** - Please carefully read and follow these instructions:

1. Use the following link - <http://app.suis-pd.com/istap>
2. **Select the class of your child for school year 2019-20. Information for the new class should have been released on Thursday.**
3. Select the date: 2019-08-26.
4. Input your child's first and last name in English (not in Chinese) in the cell of 'Student Name', e.g. SMITH John.
5. Click the cell of 'Homeroom Teachers'. The entire row will turn into grey. Select a meeting time (meeting start time) that is available. Each meeting will be 15 minutes. For example, if you succeed in selecting "9:15", it means that the meeting time is "9:15-9:30".
6. After clicking the time available, it will show if your booking is successful.
7. In order to have a final check for the meeting you have booked, click 'Search' next to your child's name. Your booking will be displayed. We suggest you save a screenshot or write it down. Please note that this action is very important as a confirmation of successful bookings and it helps you to find each teacher's location on the meeting day, which will be displayed at the school lobby.
8. If you want to change a booking time with the homeroom teachers due to a change of your plan, please remember to cancel the old booking by emailing to Primary Secretary - Ms. Yevan Shao ([yevans.pd@suis.com.cn](mailto:yevans.pd@suis.com.cn)) so that another parent can take that time. You will then follow the step 1 to 7 to book the meeting again.
9. For sibling's parent/teacher/student meeting, please repeat step 1-7.

**Please note that this is the only way to schedule the Student/Parent/Teacher Meeting on 26 August.** If you experience any problems using the system, please telephone Ms. Yevan at 5886 9990 ext.: 303 on work days from 21 August to 23 August (9am-3:30pm).

Please note the following important information:

When you arrive at the school, registration will be required at the reception area in the school lobby, where you will find homeroom location.

Wish you a relaxed and joyful summer holiday. We look forward to seeing you on the orientation day.
