

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21st century.

Dear Parents,

Welcome to issue 5 of our newsletter. We have lots of wonderful news to share with you.

Student Council 2021

In this weeks assembly, Ms Ali announced the Student Council for 2021/2022. During the assembly, she spoke to the students about the qualities that a good leader should have and the importance of these. This was followed by a badge giving ceremony for all the new members of the council.

Lots of students applied to be part of the Council this year and teachers had to decide from over 75 applicants, which is a new record. Despite the fact there were a lot of strong applications, we could only select 22. The rest of the students were praised for their efforts and encouraged to still participate and support the team.

During the decision process, two students were also selected to be Student Council Presidents: Yifei Wang and Eva Ye in 9A. These two students have demonstrated outstanding characteristics and academic achievement throughout their time at SUIS Pudong, so it was well deserved. During the assembly, they both introduced themselves to the rest of the school and spoke about the ways that they would support them to achieve their goals.

Below are the names of this year's student council. Congratulations to all of them for being selected.

Diwali

This week, I met with our community of students from Primary and Secondary who celebrate the Hindu and Sikh festival of Diwali. This is known as the festival of lights and is one that I celebrate with my family. We enjoyed sharing ways in which we celebrate and talked about the various food we like to eat. It was wonderful to connect with one another.
