

# SUIS PUDONG NEWSLETTER

SUIS Pudong offers an opportunity for students to enter a continuum of education from Primary through to the end of Secondary to prepare them to become Global's citizens for the 21<sup>st</sup> century.

Dear Parents,

Welcome to our latest December issue. It's been another busy fortnight week with an exciting Computer science week being organised by our wonderful Ms Sophia. There has been a lovely buzz of excited students talking about the competitions they have taken part in.

The next few weeks will be a busy time with our Winter Bazaar taking place in school and an exciting Chinese Culture Week. To all of our students and families who celebrate Christmas, I would like to wish you all a very Happy Christmas and to all others a restful and enjoyable break.

For next week, Monday 20th Dec to Wednesday 22nd Dec, students can wear Christmas and winter themed clothes to school, like their Christmas jumpers.

Our Chinese culture week will be 23rd Dec to 31st Dec, covering the topic 'Visual Travelling around China' .For each single day, we will talk about one famous city in China:

Thursday 23rd Dec Nanjing, Friday 24th Dec Shanghai, Monday 27th Dec Xian, Tuesday 28th Dec Chengdu, Wednesday 29th Dec Luoyang, Thursday 30th Dec Lhasa, 31st Dec Beijing.

# Computer Science Week 2021

December 13<sup>th</sup> – 17<sup>rd</sup> was the ISP Computer Science Week. Students, teachers as well as the parents linked together online and have a lot of fun activities during this week.

We hold a class competition on Seesaw to try the maximum possibility to engage the students with the support of the high technology, and look forward to what the future classroom will look like.

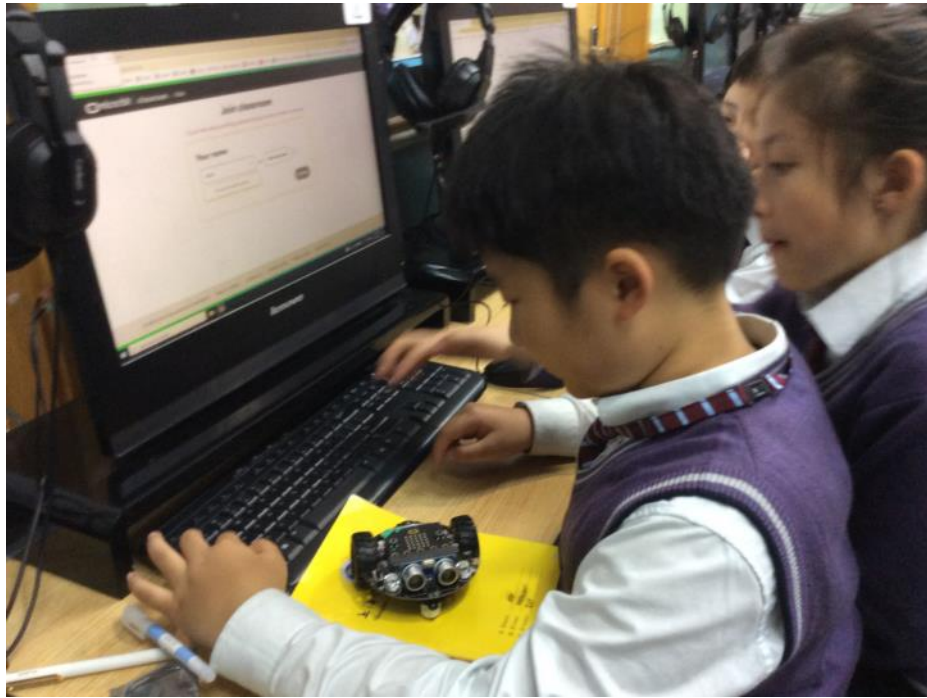

Grade 1 students practised the robotic technology with the Beebots. By building their own maps and setting up different routines for the robots, they learned the various ways to translate the algorithm into a runnable program.

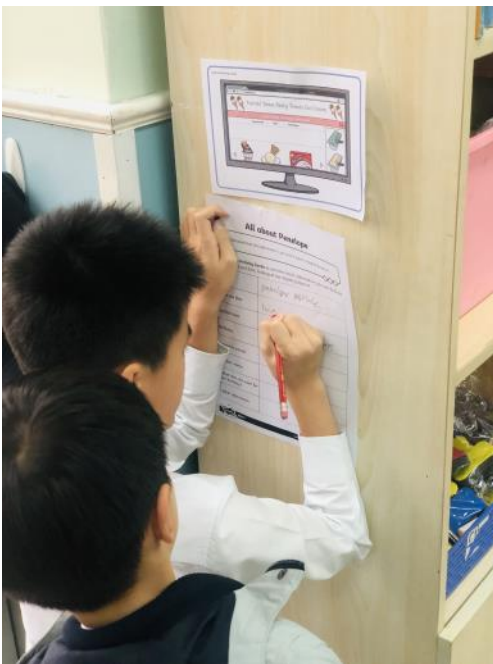

Grade 2 & 3 students played a Robot Turtle board game to deepen their programming and communication skills through the team work. The “Turtle Mover” in each team act as a ROBOT to execute the Code Card Decks designed by their “Turtle Masters” to collect as much diamond as possible and fight for the team.

Grade 4 & 5 students explored the agile development process by building their own Micro:bit Car. They experienced the different roles such as a user, designer, programmer, tester and reporter in a team to practice their planning, communication, cooperation, and time management skills besides the programming skills.

During the PSHE lesson time, Grade 1 students gained some knowledge about the way to keep their personal information safe. Grade 2 students were aware of that information they put online left a digital footprint. Grade 3 students learned what cyberbullying is and how to address it. Grade 4 students practiced the way to use a search engine accurately. Grade 5 students learned how to identify spam emails and what to do with them.

Besides that, teachers, students as well as the parents practised a lot of ICT skills on and off campus during the whole week. We used Seesaw to share and demonstrate students' learning. Daily online quiz, typing competition became the most popular activities among the kids, creative STEAM projects designed by students together with their families are shared online. We witnessed the fact that Computer Science is useful to everyone and could be used anywhere at any time. Let's keep learning, exploring, sharing, and encouraging together!

# Winter Bazaar

Our very exciting Winter Bazaar will be taking place on Wednesday, 22 December. Students will enjoy the Winter Concert and several activities such as cookie decoration, cool Christmas art crafts, Santa photo booth, Christmas carols and dance, and other activities.

The PSG has provided a festive background for our Santa photo booth. They will also prepare delicious hot chocolate for all students on the day.

The Winter Bazaar allows us to enjoy a wonderful, mindful and diverse experience while supporting our school. On the day, please send 15 RMB as a contribution to the event. Students will get a winter bazaar passport in order to participate in many interesting activities. Students can wear Christmas and winter themed clothes to school, like their Christmas jumpers. At the end of the day, students will also get a gift.

We are sure all the students will have a great time.

Here is the schedule of activities for Winter Bazaar:

## Upcoming Festive Winter Events

This year, we are very pleased to have two special upcoming festive Winter events! They are:

1) The Annual Winter International Stream Concert on Tuesday the 21st of December – we will have pieces of holiday seasonal themed music performed by our outstanding International Primary Choir and our International Stream Orchestra. Some students in the International Secondary Stream will also be performing some festive Winter songs.

2) The Annual Winter Bazaar Grade Performance Concerts on Wednesday the 22nd of December – where each grade will sing a variety of festive holiday seasonal songs.

Unfortunately, we will only be able to invite parents of the performers of Winter concert to come in. However, we are pleased to provide you with a live stream QR code for you to watch both of the concerts. The online sever has a limitation of visitors who can view the live-stream, therefore, we graciously request to each family to use only one device to view the live-stream.

Please refer to the following schedule for more information.

We all are looking forward to it!

# Notice for Holidays

Due to the upcoming holidays, we have put a few procedures in place to ensure normal epidemic prevention and control work on campus. We would like to ensure that all students have a healthy and safe holiday. Please take the time to read through the following procedures.

- We would like to encourage you not to arrange any trips out of town or out of the country unless it is really necessary. Please do not travel to any medium or high risk area. During your journey, please pay attention to personal protection, comply with local epidemic prevention requirements, and keep in touch with the school.
- Any student who traveled outside of Shanghai to other provinces and cities are required to do a corona virus nucleic acid test within 48 hours of returning and ensure it is a negative result and submit report to school.
- If you are leaving Shanghai, please scan the following QR code to report to the school:

离沪信息收集 (ISP)

- On the day you arrive back in Shanghai, please scan the following QR code to report to the school:

返沪信息收集

We will inform you if there is any updates. Thank you for your cooperation and have a nice holiday!
